

BELD's Business ProtectionPlus is an optional plan for commercial customers that covers service calls for repair to inside wiring. Inside wiring includes the cable, data and phone lines used to provide BELD services (starting from the outside line entry point to individual phone jacks and cable outlets). Customers not subscribing to ProtectionPlus will receive repairs to inside wiring only related to services BELD Broadband provides, and will be charged a service fee for the technician's visit.

ProtectionPlus is just \$11.99 a month for peace of mind. If you have two service calls per year, you are already saving money. The cost is included on your monthly bill and can be canceled at any time. Call 781.348.BELD (2353) for immediate coverage!

Call today or sign up with your technician by filling in this form

## ProtectionPlus

For a separate monthly charge, BELD offers a Protection-Plus plan for commercial customers who subscribe to our services. The program covers the Internet wiring inside the business used to provide the service.

The plan is optional and covers all inside wiring (as defined to the right) and related service calls pursuant to the plan's terms for as long as the customer subscribes to it. Without the plan, customers will be charged applicable service call fees for each technician visit.

## What the plan covers

- Replacement or repair of inside wiring and fittings, jumpers and/or splitters
- Repair of pre-existing service or wiring issues with existing coaxial cable or phone outlets (including signal leakage)
- Replacement or repair of existing coaxial or phone outlets
- Maintenance and replacement of BELD equipment due to an unintentional malfunction
- Maintenance of BELD equipment and network due to interference from hardware or software added by the customer
- Service upgrades and equipment pick up
- Verification of connectivity to BELD HomeNet WiFi—excluding customer device issues
- All trip charges

*Ask about our other services that can help your business grow*

- *Fiber connections*
- *Free Dynamic DNS*
- *Co-location services*

## What's not covered

- Installation or relocation of outlets
- Voluntary equipment swaps
- Technician visit fee for battery-related issues
- Repair or connection of customer-owned equipment including TVs, computers, peripherals, etc.
- Rewiring or damage to BELD equipment if destroyed by fire, flood, act of God, vandalism, negligence or willful damage
- Wiring in common walls such as complex and condominium buildings
- Customer-installed ethernet (Cat5e) wiring used for networking
- Other service issues not currently supported by BELD policies and other issues not related to the network
- Truck roll for equipment pick up if account is disconnected due to non-payment

Protection Plus is effective the day you order it. Charges for the service and any other applicable terms or conditions may change at any time with at least 30 days prior notice. The monthly charge does not include fees, taxes and other applicable fees. Other restrictions may apply. Protection Plus is subject to BELD's terms and conditions.
